HAWLEY AND POST COME OUT OF CANADIAN WILDS ALIVE AND WELL

Big Balloon, America II, Descends Safe on an Unnamed Mountain in Quebec

Record is Broken for Sustained Flight and Distance ---Aeronauts Travel 1350 Miles and Much Relief is Felt Over Their Safety.

Chicoutimi, Quebec, Oct. 27.—The safety of the America II, seems to be more important in the minds of Hawley and Post than the fact that they have established a new world's record or won the race. Before leaving here for Quebec they commissioned four trappers to hunt for the balloon and bring it in. They also secured the affidavits of trappers who found them showing where they landed. These will be presented to the St. Louis Aero Club. They say they did not worry any, because they had a pretty clear idea of where they were at all times.

Chicoutimi, Quebec, Oct. 27.—Thoroughly fatigued and showing plentiful marks of an arduous week of struggling through the dense wilderness of northern Canada, Messrs. Hawley and Post, the insatiable aeronauts who, according to available data, sailed the America II nearly 70 miles farther than any other contestant in the big balloon race for the Gordon Bennett cup, arrived here last evening.

They had landed at 3:45 Wednesday afternoon, October 19, 1500 feet up on the face of an unnamed mountain, which, as near as they could reckon, lies 58 miles north of Chicoutimi and about 80 miles north of Lake Tshigigam. They had been involved in a snowstorm which was accompanied by a change in the wind to a more northerly direction from that which, up till then, had been fair to carry them to the Labrador coast.

The adverse conditions compelled them to land, much against their wishes. Landing was effected easily and the balloon was left in good condition. Sanguinely they started to bet to the nearest settlement. They were uncomfortable near the end of their provisions, but recounting the story of their experiences last night they made light of that feature. They had confidence they said, in their ability to kill sufficient game to prevent starvation.

For three nights they were obliged to sleep in the open air. It was a stiff fight through snowy forests. The weather was exceedingly cold. Then the camp of a trapper was struck on the river Abouss. A day's rest was enjoyed there in a deserted hut. Monday five trappers appeared and took them down the streams in their canoes to St. Ambroise, a little settlement 40 miles from here. A six-hours' drive brought them here last night. Tonight they expect to be in Quebec.

According to their reckoning they covered 1450 miles in the air, during the 46 hours.

Mr. Post, acting as spokesman, told the story of the trip last night.

"We had a beautiful trip," said Mr. Post. "We crossed Lake Michigan and Lake Huron and followed what I should judge to be the route of the proposed Georgian Bay Canal and if you ask me there is water enough in that section of the country, not only to suit the canal but to float all the ships of the world."

"Then we crossed the Ottawa and floated over the forests of northern Quebec, passing over numerous lakes and rivers. The country below us always was densely wooded. Finally on Wednesday morning we found that we were north of Lake St. John and going well and we had hopes."

DIX IS TWO TO ONE FAVORITE IN THE NEW YORK ELECTION

New York, Oct. 27.—"I believe Harry Stimson's election is certain. If we lose we will continue to fight the unholy alliance of dishonest business and dirty politics."—Theodore Roosevelt.

"John A. Dix will win without question and the Democrats will probably control the legislature and select a successor to Chauncey Depew."—Democratic Chairman Huppuch.

"I have no figures for publication but am certain the state will be Republican."—Republican State Chairman Prentice.

These are the statements of the leaders twelve days before election. Despite the expressed confidence it is known the silent vote will decide the question. Canvassing on both sides has

that we would be able to continue the trip until we struck the Labrador Coast.

"Unfortunately, about 2 o'clock on Wednesday afternoon, the 19th, a storm came up and it became necessary to make a landing. We picked out a mountain and came down upon it and made an east landing on the mountain side, at an elevation of about 1500 feet. This was at 3:45 p. m. It was near nightfall and we knew that we were a considerable distance from any settlement, so we decided to pass the night in the basket of the balloon."

"The next morning we started for civilization, heading south. We had three days of strenuous exercise, with no more to eat than was absolutely necessary. We had to carry all our food as well as the blankets to cover us at night. And we needed those blankets badly, for we had two snowstorms on the way."

On the fourth day we found the camp of Jack Matteias, a trapper. Unfortunately he was away from home. We however, stayed there and enjoyed the hospitality of his hut for a day of much-needed rest. Then four French-Canadian trappers turned up, and like good fellows, brought us out by canoe to St. Ambroise, where we arrived this afternoon.

"As near as we can figure our landing place was about 58 miles north of Chicoutimi. There is rather a large lake near where we landed, Lake Pissocama, and we landed between five and eight miles from it. Two smaller lakes were also passed by us as we made our way through the woods. The country there is very rough and our travel was necessarily slow and arduous in the extreme as there were no trails we could follow."

"The bush was very dense and we had a hard time fighting our way through, but did not suffer any very severe hardships."

The Associated Press correspondent was the first to inform Mr. Post that the America II probably was the undisputed winner of the Gordon Bennett cup. The sky voyagers did not see any of the other balloons in the drift eastward across Northern Quebec, as they passed farther north than either the Busseldorf or Germania. Mr. Post did not appear to be greatly excited over his experiences and showed much more interest in the tale of Walter Wellman, inquiring eagerly as to how he had got on in his attempt to cross the Atlantic. He was disappointed but not surprised that the attempt had proved a failure.

BALLOON TRAVELS 1350 MILES.

New York, Oct. 27.—Alan R. Hawley and Augustus Post, the aeronauts of the balloon America II, for whom search had been prosecuted in the Canadian wilds, are safe and have established a new world's record for sustained flight. They traveled approximately 1350 miles and came to earth in Chicoutimi, County Quebec, Wednesday last, but were not heard from until last night when telegrams sent from St. Ambroise, Quebec, told of their arrival.

The balloonists started from St. Louis with some other contestants in the international contest Monday, Oct. 17. All the other balloons have been reported.

Two messages from Hawley and Post

were received in New York last night. One was to William Hawley, brother of the aeronaut, the other to Samuel F. Perkins, pilot of the balloon Busseldorf I, which until last night had been considered the winner. The message to Mr. Hawley read:

Landed in wilderness week ago 50 miles north of Chicoutimi. Both well. ALAN.

The Perkins message read: Landed Port Huron, north Lake Michigan, yesterday. A. well returning. HAWLEY POST.

With receipt of the news there ended a search which had come to be regarded by many as almost hopeless and in which governments of this country and Canada were directly participating. In addition to the emissaries sent in the Aero Club of St. Louis, the Aero Club of America and by William Hawley, the United States revenue cutter service, the naval corps of the army, the Hudson Bay company and other agents were conducting the search, scoring the great

BABY RESCUED FROM FLAMES BY HEROIC WOMAN

Mrs. Edgar Jones, Rushes Into Burning Building After Child, Early Morning Fire.

A fire that probably started from a gas stove in the summer kitchen of Herbert Claggett's home on South street practically destroyed that building and did a great deal of damage to the house itself. Mrs. Claggett had gone to a nearby grocery to purchase some things for supper when the fire broke out and her small children were in the kitchen at the time. A neighbor, Mrs. Edgar Jones, rushed into the burning room and carried out the Claggett baby and her hair was badly singed. The baby was not harmed.

The alarm was turned in at five o'clock and the North End company and the ladder truck from the Central station made good runs and soon had the fire under control. During the run to the fire a valuable coach dog owned by Harry Burgess, driver of the Bowers ambulance was crushed by the Central truck, when the animal ran under the wheels.

At 1:55 this morning the companies from the Central station were called out on an alarm from box 23 to put out a fire that had started in a barn on German street, rented by the Beaumain Grocery Company. A horse used on the delivery wagon was burned to death, but another animal escaped from burning structure, although it was badly burned. Patrolman Hurlbaugh captured it and took it to a veterinary hospital.

The firemen had some difficulty in preventing the fire spreading to the city dump and several small fires were extinguished. The debris piled on the dump hampered the firemen in their work, which the high wind threatened to make dangerous.

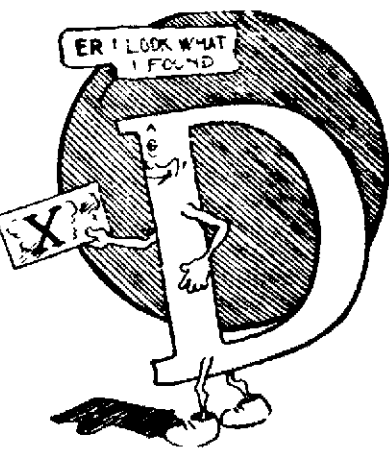

HELP BOOST CITY BY ATTENDING THE SOUTH END MEETING

The big banner meeting of the South End Business Men's Association, to be held tonight in the Baptist chapel, corner Pataaskala and Third streets, is an assured success, and from all indications there will be a record breaking crowd in attendance. This meeting has been arranged for not only the citizens of South Newark, but for all who have the interests of the city as a whole at heart. There will be good speakers in attendance who will address the meeting regarding the proposed improvements that will be of great benefit to every merchant, mechanic, school child, and in fact every person in Newark. Come and hear the addresses, make one yourself and show an interest in the welfare of your city. Don't let some one else do it all, but take an interest in the matter yourself. It will help you, as well as others. Be sure and attend the meeting.

NEW CENSUS FOR TACOMA

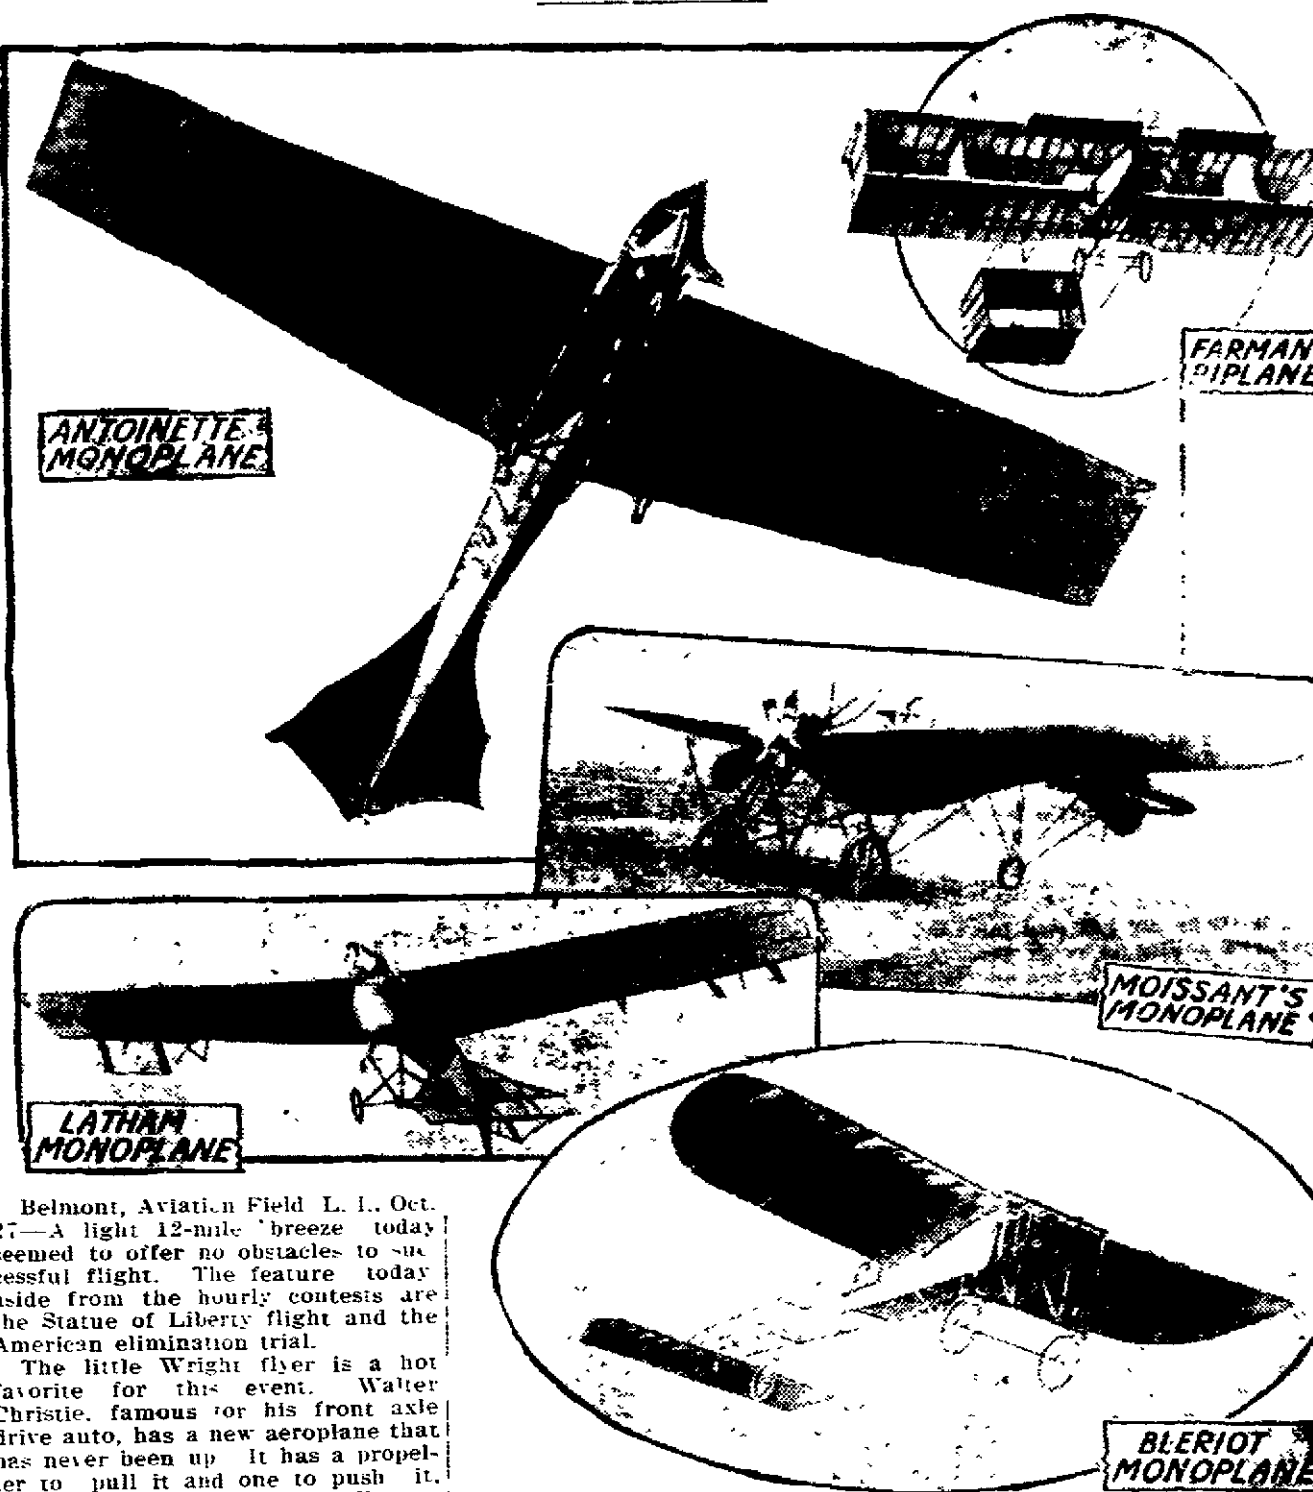

Washington, Oct. 27.—The census taker for Tacoma today announced that a preliminary census of Tacoma, Wash., region, will be taken.

Answer to Wednesday's puzzle—Shears.

FOREIGN AEROPLANES ATTRACT MUCH ATTENTION AT BELMONT

Belmont, Aviation Field, L. I., Oct. 27.—A light 12-mile breeze today seemed to offer no obstacles to successful flight. The feature today aside from the hourly contests are the Statue of Liberty flight and the American elimination trial.

The little Wright flyer is a hot favorite for this event. Walter Christie, famous for his front axle drive auto, has a new aeroplane that has never been up. It has a propeller to pull it and one to push it, with two separate engines. The experts say it looks like a long step forward in aerial navigation. There will be four 100 horse-power foreign racers in the Gordon Bennett cup race Saturday against the tiny American flyers.

DEMOCRATS ARE FAVORED IN THE CLEVELAND BETTING

Cleveland, O., Oct. 27.—Election betting in Cleveland is on full swing. Large bets are being made on both county and state candidates. Half a hundred sizable bets favoring Democratic candidates have been received at one place.

A number of bets of \$50 even have been posted that Harmon will be elected by 40,000. Even bets of \$100 are made that he carries Cuyahoga county by 5,000.

Betting on congressional candidates is slow, only two wagers having been posted. One is \$50 to \$45 that Howland, Republican, will be elected, and the other \$50 to \$35 that Cassidy, Republican, will be elected. Several bets have been made that not a Representative will be elected on the Republican county legislative ticket.

SENSATIONAL EXPOSURE OF REPUBLICAN LEADERS IN SHADY DEAL WITH BANK

Logan, Oct. 27.—Fresh proof was piled up last night by Governor Judson Harmon connecting Republican state officials with the manipulation of the public money for private profit. Letters were read forming a conclusive chain of evidence linking together Auditor of State Guilbert, United States Senator Charles Dick and Dr. Marion W. Hissey, on the one hand, and the late state treasurer, W. S. McKinnon on the other, with a transaction involving the Commercial National Bank of Zanesville in an illicit deposit.

"I give another instance of private deposit of state funds for private profit," said Governor Harmon as he flashed a package of letters. "It also illustrates the workings of the system of raising campaign funds by favoritism."

The first letter was written by Dr. W. W. Hissey, who will be remembered as the factotum of Senator Dick and the late Senator Hanna for many years. In introduced John C. Sauer, cashier of the Zanesville bank and State Treasurer McKinnon, on July 5, 1904, before the state depository law went into effect.

In the epistle appeared these significant words: "We will complete the transaction concerning which we had conversation."

"That transaction was nothing more or less than the deposit of \$200,000 to the individual credit of Mr. McKinnon in that bank," said (Continued on Page 7, Col. 1.)

FORAKER CANCELS ALL DATES

Republican Affairs in
Ohio are Truly in
Chaotic State

MUDDLE IS SPREADING

Roosevelt to be Called Upon to
Help Smash Somebody—Voters
Wonder What's Coming
Next.

Columbus, Oct. 27.—The Republican state committee, through its chairman, Lewis C. Laylin and Secretary Malcolm Jennings, has called Senator Joseph Benson Foraker off the stump in Ohio. The action, while not unprecedented in Ohio campaigns, is one of the most remarkable occurrences of the present campaign.

It is all the more remarkable when it is considered that Senator Dick is a candidate for re-election on a stand-pat platform, and that Senator Burton at Gallipolis last night condemned the progressive wing of the party in no uncertain terms.

The whole story is told in the following brief but very expressive telegrams:

"Columbus, O., Oct. 26, 1910.

"Hon. Joseph B. Foraker, Traction Building, Cincinnati, Ohio: We earnestly urge that all controversies be set aside until victory is achieved. In this we are joined by local committees and candidates on state and local tickets. Will you not aid us by dropping from future speeches all matters not involved in the contest between the Republican and Democratic parties in this campaign?"

"Republican State Executive Committee."

"LEWIS C. LAYLIN, Chairman.

"MALCOLM JENNINGS, Secretary.

"Cincinnati, O., Oct. 26, 1910.

"Hon. L. C. Laylin, Chairman, and Hon. Malcolm Jennings, Secretary, Republican State Executive Committee, Columbus, Ohio: In view of your joint telegram just received, I respectfully request that all my engagements to speak in this campaign be canceled and that you notify all local committees."

"J. B. FORAKER."

It will be noted that while the telegram sent to ex-Senator Foraker does not demand his retirement from the stump in positive terms, the command to him to refrain from extolling members of his own party is so strongly expressed that it left him no alternative but to retire.

That he did so promptly indicates that Mr. Foraker had more to say along the lines of his Marysville speech, and further, that he does not propose to be throttled or dictated to as to the kind of Republicanism he must espouse.

The action is generally regarded here as making more chaotic the affairs of the party. Foraker, in his Marysville speech, while expressing contempt for Mr. Roosevelt and "New Nationalism," took opportunity to uphold President Taft and even went to the extent of praising Senator Dick and calling upon Ohio Republicans to return him to the senate.

On the other hand, Secretary Garfield in his reply, while lauding Roosevelt, faintly praised Taft, forgot Harding and the other Republican candidates, and called upon the voters of his party to prevent the return of Dick to the Senate.

In the face of these conditions, the state committee has called off Foraker and Garfield will continue upon the stump, and his good friend and sponsor, Colonel Roosevelt, will also be called in to help demolish something or somebody.

Today everybody is wondering who is to be snatched and for just what reason.

OHIO REPUBLICANS CALL ON PRESIDENT FOR ASSISTANCE

Washington, Oct. 27.—Secretary of the Navy Meyer will not campaign in Ohio this year. After wiring his acceptance of invitations to speak he asked President Taft about it and Taft told him he had already assigned McVeigh and Knox to Ohio.

Knox's Cincinnati date has been changed to November 5.

P. S. Phillips and Rev. J. A. Bennett left Thursday afternoon for Toronto, Canada, to attend the International Y. M. C. A. convention. Physical Instructor Walter Livingston left for the convention Tuesday.

FORMING MERGER OF INTERURBANS

Toledo, Oct. 27.—Preliminary steps in Ohio's biggest interurban railway merger are being taken here. Present plans point to a merger of the Western Ohio and the Lake Shore electric roads, they in turn to take a long time lease on the Toledo, Bowling Green and Southern, and build a road from Fostoria to Fremont.

This will give direct service from Cleveland to Dayton and connect Lima, Toledo, Tiffin, Findlay, Fremont, Fostoria, North Baltimore and other towns.

ARMY AVIATOR KILLED.

Rome, Oct. 27.—Lieut. Saghetta, an aviator, fell today, killing him instantly. The accident was peculiar. He was making a smooth gliding descent, when his machine suddenly tipped and fell.

RECOVERED FROM INJURY.

Danderine

**Grows Hair
and we can
PROVE IT!**

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is as long as my hips."
Another from Newark, N. J., writes:
"I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

Free To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the

planned and carried out a most complete surprise. The merry company came masked and much lively guessing was in order until the signal was given to unmask. Games, music and taffy pulling were the amusements of the evening. The host was given a "book shower" during the evening, each guest presenting the host with a book by his favorite author.

Those present were: Messrs. Merrill Larason, Thos. Ebrey, Ambrose McCarthy, Harry Shultz, Clarence and Courtney Hertel, Karl Dowers, Frank Belles, Arnold Chesly, Ernest and Wm. Cady.

Miss Sarah Moran of South Sixth street was agreeably surprised by a number of her friends Monday evening who gathered at her home and gave her a kitchen shower of many useful articles. The evening was spent informally and at a late hour a dainty luncheon was served.

The guests were Misses Mame Dolan, Mary Balzer, Glenn Klein, Grace and Josephine Egan, Mary Roach, Mary Fullin, Katherine and Marie Shaughnessy, Frances Egan, Sue Fullin, Edith and Clara Kureth and Lucy Hagan.

The Diversion club will be entertained on Friday afternoon by Mrs. J. P. Lamb at her home 270 North Fourth street.

November 17 is the day announced for the marriage of Miss Elizabeth Duncan Shields, daughter of Mr. and Mrs. Charles R. Shields of Columbus, and Mr. Myron Beecher Kauffman, son of Prof. and Mrs. George B. Kauffman. Miss Shields has many friends in Newark, where she formerly resided with her parents.

Miss A. O. Hill of 36 West Locust street will give her fourth free assembly at her academy Friday evening from 8:30 to 10:30 and all pupils and their friends and all interested in dancing are cordially invited to attend. Miss Hill is introducing her methods of dancing in the city through the free assemblies with which she has been entertaining. They are proving to be very popular and show that Miss Hill has given much time and thought to the art in her work.

Mrs. Charles Gillette of Hudson avenue entertained informally Saturday evening with two tables of bridge whist and an interesting game was enjoyed, at the close of which the prize was awarded to Mrs. J. F. Irwin.

A dainty luncheon was served at a late hour to following guests: Mr. and Mrs. E. T. Rugg, Mr. and Mrs. George Blood, Mr. and Mrs. J. F. Irwin, and Mr. and Mrs. John Braddock.

The two tables of bridge whist players are being entertained this afternoon by Mrs. Charles Gillette of Hudson avenue.

The Review club will hold its first meeting of the season this Saturday afternoon at the home of Mrs. U. O. Stevens in Hudson avenue.

A number of friends and relatives of Mr. and Mrs. Joseph Oxley went to their home Saturday and gave them a pleasant surprise, the occasion being the forty-fifth anniversary of their wedding. The guests, fifty-four in number, partook of a sumptuous dinner prepared by the ladies and which was served from twelve until three o'clock.

Those present were: Rev. and Mrs. E. B. Senter, Mr. and Mrs. Jos. Oxley, Mr. and Mrs. George Underwood, Mr. and Mrs. David Mossholder, Mr. and Mrs. George Sharp, Mr. and Mrs. Gilbert Ashcraft, Mrs. Hannah Rine, Mr. and Mrs. E. D. Rinehart, Mr. and Mrs. Jay Frampton, Mr. and Mrs. Joe Dickerson, Mr. and Mrs. John Rine, Mr. and Mrs. J. S. BAILEY-LENGER-MILLER.
At six o'clock Saturday evening, Mr. John H. Ballenger and Miss Ida Bell Miller were married at the home of Rev. Mr. Schmidt. They were attended by the groom's sisters, Mrs. Harry Wilson and Mrs. Claud Drone. After the ceremony they returned to the home of Mrs. Claud Drone where a wedding supper was awaiting them. Only the immediate members of the family were present.

BAUKOR-CARTER.
Oscar J. Baukor of Mt. Vernon, and Miss Florence Carter of this city, were married at the First M. E. church parsonage on North Fifth street Wednesday at 1 p. m. Rev. L. C. Sparks officiating. At the conclusion of the ceremony they left for Mt. Vernon where they will reside.

HEART and HOME TALKS

by Barbara Boyd

Little Problems of The Home.

When the Daughter Is Selfish.

WHEN the daughter grows up and begins to shape her life for herself, many a mother has a bad half hour, as the phrase goes. Sometimes it is the daughter's fault; sometimes it is the mother's fault. But wherever the fault lies, it would do no harm for each to look the situation squarely in the face and see if they cannot prevent this heartache. A little special consideration for the other on the part of each just at this time would dispense with clouds that rob many a mother's life of the sunshine which for years she has been anticipating. When a mother devotes her life to the bringing up of her daughter, she is eloquently absorbed in her daughter's life, her daughter's studies, her daughter's friends, her daughter's social affairs. Her own friends and interests are neglected. The sun rises and sets in her daughter.

To the daughter while she is still a child this interest is delightful. But there comes a time, when the daughter enters young womanhood, that just for a little while perhaps, she wants to be independent. She wants to go her own way, to plan her own life. To her this constant companionship of her mother takes on the nature of surveillance. If not quite this, it is, anyway, irksome. She is apt sometime or other, in a burst of impatience, to show this. And the mother is cut to the heart. "I have given my whole life to my daughter," such a mother said recently to a close friend. "And she doesn't appreciate it." Life is a little out of focus on both sides. Neither sees clearly. The daughter has never had a chance to appreciate her mother's devotion. The mother's ministrations have been so much a matter-of-course part of her life that she doesn't know their value. It isn't at all lack of love. It is just a desire for room in life for herself.

J. J. HILL, Chairman.
ARTHUR BOLLWINE, Secretary.

Judge Robins Hunter, the Democratic candidate for Probate Judge of Licking county, during the short time he has been in the office by reason of his appointment by Governor Harmon, to fill the vacancy occasioned by the death of Judge Brister, has already demonstrated that he is possessed of all the qualifications that make a good Probate Judge. He is recognized as making a clean and honorable canvass for the position to which he has been nominated, and above all, there is the confidence that he will make an honest judge.

Thousands Welcome It.

The factional fight between the Republican state bosses still keeps the political situation very much agitated. Senator Dick is making desperate efforts to patch up some sort of a peace until the campaign is over. But thousands of Republicans over the state look upon this warfare between the party leaders with decided gratification. They welcome it, in fact, because they want the state rid of Dick and freed from the grafters that have been in control for years.

The Democratic county ticket is a good one, and is worthy of the support of every voter in the county.

Rheumatism

Is a Constitutional Disease.
It manifests itself in local aches and pains, inflamed joints and stiff muscles, but it cannot be cured by local applications. It requires constitutional treatment, and the best is a course of the great blood purifying and tonic medicine **Hood's Sarsaparilla** which corrects the acid condition of the blood and builds up the system. Get it today in usual liquid form or in the concentrated tablets called Sarsatabs.

ROBBER TARIFF AND EUROPEAN PAUPER LABOR

When a Republican tells you that the robber tariff protects the American laborer from competition with European pauper labor, call him on the spot. Take him to Rhode Island, the home of Senator Aldrich, the high priest of protection. Show him by the 22d annual report of the Rhode Island bureau of industrial statistics these facts:

"Wages of operatives in woolen and worsted mills, \$7 to \$9 a week; 50 per cent of operatives foreign born."
"Wages in silk mills, \$7 to \$8 a week; 95 per cent of employees foreign born."
"Wages in cotton mills, \$7 to \$8 a week; 50 per cent of operatives foreign born."

"Wages in rubber factories, \$8 to \$9 a week; 70 per cent of employees foreign born."
Where does the American laborer come in at in Rhode Island? Principally (?) salary paid, and largely to "foreign born pauper labor," too. The bold, naked truth about a high protective tariff is that it protects nobody but the millionaire manufacturer and trust magnates. All this talk about its keeping the American laborer from coming into competition with European pauper labor is a sham, a deceit, a delusion. Who sent for the foreign laborers? Corporations. Who is paying their way over here? Corporations. What do the corporations want with them? To take the places of American laborers at one-half the salary. And yet these same corporations, the beneficiaries of the high tariff laws, prate about protecting the American laborer!

Dr. Watkins, G. W. DeLong and Capt. W. A. Lovett, the three Republican candidates for the State Legislature will, if elected, all vote to return Charles Dick to the United States Senate. If you are in favor of Dick, vote for Watkins, DeLong and Lovett. If you are against Dick, vote for C. W. Miller, Wm. E. Haas and W. D. Fulton, the Democratic Legislative candidates.

Never in the history of Licking county has the Democracy had a more popular candidate for a public office, than Mr. Edwin M. Larson, who is running for his second term as Clerk of the Courts. He has made a splendid officer. Capable, honorable and courteous he has won the confidence of all the people irrespective of party. It is generally conceded that no one in the county is better equipped to discharge the duties of this most important office than Mr. Larson.

Governor Harmon still leads in the Enquirer's straw vote. The totals on the 19th day of the canvass are as follows: Harmon, 5,576; Harding, 2,944; Socialist, 425. Changes from Democrat to Republican, 728; from Republican to Democrat, 917.

Licking county has never had a more efficient or painstaking board of Infirmary Directors than Messrs. James Redman, Frank B. Dudgeon and Peter Brubaker. They have run the infirmary farm as good farmers, the financial department as good financiers, and the executive branch as good administrators, and have always looked after the welfare of the unfortunate ones entrusted to their care with a zeal that has been commendable. They have acted wisely and honestly in every move that they have made. They are all deserving of re-election to this most important office.

Dr. E. W. Wiyiarch is the Democratic candidate for Coroner of Licking county. He has had much experience in the office, and understands the duties of the office fully as well as any other man in the county. In aiding his election you are contributing to placing in the office one who will ever be found to be courteous, honest and capable, and who will be untiring in his efforts to run the office as it should be discharged.

W. D. Fulton, candidate for Representative, as a city councilman has shown by his vote that he is on the side of the people on all questions. When a man has made a record like Mr. Fulton has made the people owe it to him to see that he receives their united support.

ANONYMOUS CAMPAIGN CIRCULAR

Attention is called to an anonymous circular being sent broadcast over the state for the evident purpose of stirring up animosity toward Governor Harmon among Democratic voters because of their friendship and admiration for Mr. Bryan.

The circular is not signed by any person or vouchered for by any political committee so that no individual or campaign organization can be held responsible for its conglomeration of falsehoods and misrepresentations.

That this scurrilous circular is put out under the auspices of Republican campaign committees or one of their bureaus or by some person or persons in the service of the state Republican bosses is manifest in every malign utterance made therein. But to conceal its origin and publication large quantities of the circulars have been taken to Newark, Delaware and other points in the vicinity of Columbus for mailing, because its malevolent design would be detected at once if the envelope containing such a circular bore the Columbus postmark.

Every Democratic voter is warned to beware of this anonymous and cowardly attack upon Governor Harmon and Mr. Bryan. It is headlined, "Great Danger to the Cause of Progressive Democracy Involved in the Candidacy of Judson Harmon," and bears a small portrait of Mr. Bryan. But it most certainly was not written, published or scattered broadcast by any friends of Mr. Bryan. No true friend of the great national leader of the Democratic party would resort to any such trickery. No true friend of Mr. Bryan would stoop to anything so disreputable and cowardly. No true friend of Mr. Bryan would traffic in his great name and popularity to stab another in the dark. Therefore, the scurrilous circular in question comes only from an enemy to the great mass of Democratic voters in Ohio.

The anonymous letter writer is despised the world over as a sneak and a coward. The author or publisher of an anonymous printed circular, whether used for a political or any other purpose, is a twin brother in depravity to the anonymous letter writer.

Since when has such great love for Mr. Bryan sprung up among the Republican bosses of Ohio that they are prone to weep on Mr. Bryan's neck this year and bewail the "great danger" (to them) of the re-election of Governor Harmon?

The Republican bosses and their servile party organs consider it a personal pleasure and a political virtue to abuse Mr. Bryan like a criminal when he is a candidate, and they are so lacking in decency as to believe they can wheedle Democrats at all other times by exploiting their false fears that Democratic voters will do something that will dishonor Mr. Bryan. This is an old dodge that has been tried so often in Ohio that the repetition of it this year deserves only to be scoffed at and rebuked.

The time has arrived for campaign canards and roorbacks, of which the anonymous circular herein referred to can be regarded as a sample of what may be expected in the last days of the campaign.

No Democratic voter who has a spark of friendship for Mr. Bryan will permit himself to be deluded, deceived or misled by any such contemptible political tactics.

HARDING AND HIS COMPANY

The following editorial appeared in the Cleveland News, a Republican paper, Saturday, Oct. 8:

MR. HARDING'S ALLEGIANCE TO THE BOSSES

In the renewal of his pledge of "deference and devotion" to Boss Cox, Candidate Harding shows himself the stand-patter beyond compare.
Harding's course has been that of a man afraid of his own election and doing everything in his power to prevent it.
His abject acceptance of the Dick platform, with all its absurd praise of the tariff and the whole fabric of regularity and Aldrichism, was an affront to the progressive intelligence of Ohio.
There is no reason to impute Harding's adherence to Cox, Dick and all of that crowd to any quixotic sense of loyalty.
Harding could have repudiated them, had he chosen. He has shown no sign of disrelishing their company. He seems to have cast his lot with them deliberately.
The Cox-Harding alliance is a challenge to Ohio's decency.

The Ohio State Journal's cartoon of this morning is a most graphic description of the Republican situation in the campaign today. All the stumblers are fighting each other with tragic fierceness except Senator Dick, who looks awfully distressed in making a plea for peace, when there is no peace. Democrats, of course, have a merry time looking on at the solar plexus blows and prospective knock-outs.

The revolt against the long and intolerant Republican misrule in Pennsylvania promises to be absolutely startling when the people vote in that state.

HIGH COST OF LIVING FACTS AND THE HOME

(New York World.)

Next door there is a new baby, and when it came the eager tariff-taxers and the Payne Tariff Tax law were both prepared for it. Nothing slips by.

The flannel band that is wrapped around its "tummy" is tariff-taxed 35 per cent and in addition to that 33 cents a pound.

Next comes the little woolen shirt, and that is tariff-taxed 60 per cent and in addition to that 44 cents a pound.

The woolen flannel skirt is tariff-taxed also 60 per cent and in addition to that 44 cents a pound. New babies are a grand thing for the woolen trust under the woolen schedule.

The swaddling-clothes are tariff-taxed 1 3-4 cents a square yard and in addition to that 30 per cent—but those two taxes must never be less than 50 per cent! And the new baby needs quite a large equipment.

Over all this goes the lawn dress—tariff-taxed 60 per cent.

It has little knitted booties, and they pay 44 cents a pound and 60 per cent in addition.

The bibs are taxed 60 per cent, the little cotton cap 50 per cent, or if it is chilly the woolen cape is tariff-taxed 60 per cent and 44 cents a pound additional.

A new baby needs a lot of safety-pins, tariff-taxed 35 per cent.

Its powder puff is taxed 40 per cent, the toilet powder 60 per cent, the little brush 40 per cent and the comb that comes with it—even though not really needed yet—35 per cent.

If it is a bottle baby the bottle is tariff-taxed 60 per cent, the rubber tube and mouthpiece 35 per cent and the lactal baby food 20 per cent.

It is wheeled out for its morning air in a perambulator tariff-taxed 45 per cent, with the rubber tires paying 45 per cent as a separate article.

A gay rattle—tariff-taxed 35 cent—keeps it quiet in wonderment. Later it will graduate to a rubber ring—also taxed by the tariff 35 per cent.

The baby-carriage blanket is taxed 44 cents a pound and also in addition to 50 per cent.

His—or her—little cape is also 44 cents a pound and 60 per cent in addition, while the veil is tariff-taxed only 60 per cent.

A little later, when it gets to the dignity of a high seat at the table (seat taxed 45 per cent), it will practice eating from a plate taxed 60 per cent and drink from a mug also taxed 60 per cent, while the small knife and fork set is tariff-taxed 35 per cent.

For Supreme Court Judge

MAURICE H. DONAHUE,
New Lexington, Perry County.

Judge Maurice H. Donahue of New Lexington, O., one of the Democratic nominees for supreme judge of Ohio, carried a district that is usually Republican by 5000 by a plurality of 2500 when he was re-elected circuit judge. At the same time several Republican candidates were elected by pluralities approximating 5000.

Judge Donahue began the practice of law 25 years ago, a few months after he reached the age of 21 years. The year following his admission to the bar he was elected prosecuting attorney for his county. Three years later he was elected for a second term. In 1900 he was elected circuit judge of the Fifth circuit of Ohio. In 1906 he was re-elected, although the district went practically 5000 Republican. His plurality was 2500.

It is conceded that he is one of the strongest men on the Democratic ticket. His friendships have ramifications through all parts of Ohio and are of a character that mean the strongest volunteer work in his behalf.

Judge Donahue, in addition to being a fine scholar in the law and otherwise, is a man of attractive personal qualities and accomplishments. He has the proper balance and legal acumen to make him a capable judge on the bench of the supreme court of Ohio.

ABE MARTIN.

Abbe Martin says: "Next time a Shang-hai rooster ther' hain't nothin' as proud as a little girl with her first parasol. Most fellers' idea of a good dinner allus includes hot biscuits."

the governor, who explained that the letter was one of those overlooked when the files of the state treasury were stripped to remove evidence of the unlawful use of money by state officers for their own enrichment.

On the back of this letter appeared a notation in pencil of the securities deposited to secure McKinnon against loss. From these it appears that the chief surety was a block of the bank stock.

Walter D. Guilbert, then state auditor, was vice president of that bank. United States Senator Chas. Dick was a director and Dr. Hissey was a vice president. The governor explained as he went along.

Certificate of Deposit No. 1877, issued July 5, 1904, showed a deposit of \$20,000. On December 8 there was \$15,000 repaid to McKinnon, leaving a balance of \$5,000. On the same day the bank got a New York draft for \$25,000, making the total deposit \$30,000. This was then changed from a private to a state deposit.

Governor Harmon next produced a letter written by Mr. Guilbert in October, 1904, at a time when the bank had the illicit deposit. It was a request for a campaign contribution and was addressed to Cashier Saner. This is a quotation from it:

"The expenses necessarily attendant upon the thorough work done by Chairman Dick and the state committee ought not to be borne by a few men. All are interested in the success of the national, congressional and state tickets, and that interest ought, in my judgment, to be exhibited at this time, if possible, by a subscription to the campaign fund."

CHILDREN IN THE HOME

This great remedy assists nature in all necessary physical changes of the system, affords bodily comfort during the period of waiting, and preserves the symmetry of form after baby comes. The penetrating and soothing qualities of Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book containing valuable information for expectant mothers.

TRY MILD-LAX IT SERVES YOU RIGHT

"This, we may be sure, was given," was the governor's comment.

The correspondence was addressed to support the charge that the Republican state house ring maintained itself in power through this and other forms of favoritism. This particular instance showed a double-barreled action.

Dick, Hissey and Guilbert got money for their bank from McKinnon, who got paid for letting them have it at a low rate. In turn Guilbert in his notable capacity as campaign fund collector came back at the bank for a part of the treasure to be used in perpetuating the system in power.

SEAVEY'S LAXATIVE TONIC TABLETS.

The Correct Laxative for Women.

Mere physical beauty, enticing as it is, will not permanently avail in the absence of a clean, fresh, healthy skin and complexion. A woman may have perfect features, a youthful form and a graceful figure, but without the health and bloom of a clear skin, perfect beauty is impossible.

When the skin is muddy or cloudy or marred by moth spots and pimples, nine times in ten it is due to nature's inability to perform the function essential to perfect health. Many a Newark lady could truthfully tell of the remarkable properties of Seavey's Laxative Tonic Tablets as a skin beautifier, and the reason is easy to find.

They are purely vegetable extracts known to have a selective action for the skin.

They improve the complexion, clear up the skin, enrich the blood, stimulate the liver, tone up the intestines and cure chronic constipation by encouraging the bowels and assisting the nature to do its own perfect work. Erman & Son recommend them with every confidence and a 25-cent package of Seavey's Laxative Tonic Tablets must do as is claimed of them, or you can have your money back.

EVEN CURES ULCERS.

Remarkable Results From Skin Remedy That Costs Almost Nothing.

No matter how bad a sore or ulcer afflicts you, it is said that Hokara the pure skin food, will cure it. In fact, if it doesn't cure, the purchase price will be refunded.

W. A. Erman & Son, the local agents for Hokara, who have sold hundreds of packages in the last few weeks, say they have yet to find any form of wound or disease affecting the skin that Hokara does not heal and its relief is so instantaneous that those who try it are simply delighted with it.

Pimples, eczema, blackheads, acne, barber's itch and all skin troubles are quickly cured by applying this simple skin food and tissue builder. It contains no grease or acids and is cleanly to use.

W. A. Erman & Son are selling a liberal sized jar of Hokara at the low price of 25c.

NEW WASHING MACHINE

Operated by Electricity, but Plunges! Can Be Worked by Hand.

A compact and strong little electric washing machine that is especially adapted for use in small families has been invented by an Ohio man. The motor is governed by what is known as "absolute tension," which is said to perform its function as well as the governor on a steam engine, and which is adjustable to high and low water pressure. The motor has no springs inside and has no gear, so there is no danger of children being injured around this machine, as they are around some types. Small as the apparatus is, it is extremely powerful and will pull a rubber ducky as easily as it will a pound of laundry, which is the technical name for the plunger that pounds up and down in the tub and churns up the clothes. Another feature of this machine is that the plunger can be raised and lowered by a handle, if for any reason it is not practicable to use the electric power. It does not take up much room and is attractively made.

OBITUARY

WILLIAM C. JARVIS.

William C. Jarvis, aged 45 years, an employee of the B. & O. shops, and whose home is at 349 North Fourth street, died in the Newark Sanitarium Wednesday evening about 10 o'clock of strangulation of the bowels. Mr. Jarvis was taken suddenly ill while at his work Tuesday and taken to his home, after which he was taken to the Newark Sanitarium and Wednesday afternoon operated upon, but it was found that an abscess had formed and all efforts to save his life were fruitless.

The deceased had lived in Newark about 10 or 12 years. He leaves a wife and two daughters at the home in North Fourth street, and other relatives in Illinois. He was a member of the Ulica lodge of Masons.

DEATH OF AN INFANT.

The infant child of Mr. and Mrs. R. A. Fowler of Black Hand, died at the home Wednesday evening. Some services and burial were had at Irvile Thursday afternoon.

FUNERAL OF JESSE HAHN.

Quite a number of Newark Elks and other friends went to Zanesville Wednesday afternoon to attend the funeral of Jesse Hahn, who was formerly city auditor of Zanesville. Mr. Hahn was well known in Newark and a few months ago married Miss Bertha Miller of this city. Soon after their marriage they removed to Cleveland and were visiting Mr. Hahn's mother in Zanesville when he was suddenly taken sick and died last Sunday.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. COFFEE WAS IT.

People Slowly Learn the Facts.

"All my life I have been such a slave to coffee that the very aroma of it was enough to set my nerves quivering. I kept gradually losing my health, but I used to say, 'nonsense, it don't hurt me.'"

"Slowly I was forced to admit the truth and the final result was that my whole nervous force was shattered."

"My heart became weak and uncertain in its action and that frightened me. Finally my physician told me about a year ago that I must stop drinking coffee or I could never expect to be well again."

"I was in despair, for the very thought of the medicine I had tried so many times, nauseated me. I thought of Postum, but could hardly bring myself to give up the coffee."

"Finally I concluded that I owed it to myself to give Postum a trial. So I got a package and carefully followed the directions, and what a delicious, nourishing, rich drink it was! Do you know I found it very easy to shift from coffee to Postum and not mind the change at all?"

"Almost immediately after I made the change I found myself better, and as the days went by I kept on improving. My nerves grew sound and steady. I slept well and felt strong and well balanced all the time."

"Now I am completely cured with the old nervousness and sickness all gone. In every way I am well once more."

It pays to give up the drink that acts on some like poison, for health is the greatest fortune one can have. Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

DYSPEPSIA IS RELIEVED IN FIVE MINUTES

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, Nausea, indigestion (like a lump of lead in stomach), Bloating, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Paper's Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

Y. M. C. A. NOTES

Plenty of young men in the shops and stores of Newark are interested in the Y. M. C. A. classes in "Practical Electricity" and "Mechanical Drawing." Both of these classes will meet Friday evening and the Mechanical class will take its first lesson.

Where it is necessary the Y. M. C. A. will permit partial payments for the future of the young men is worth the extra book-keeping work.

Ohio Y. M. C. A. night classes point to hundreds of men whose usefulness has been so increased that their earnings have gone away beyond anything they had dared hope. One man became owner of a good business of his own. Another became superintendent of a big foundry. One young man is earning \$1,800 a year as expert draftsman, while hundreds of good draftsmen, foremen, electricians, tool workers and pattern makers say that their success has been due to study in Y. M. C. A. classes. Some men who are trying to study alone also find the classes a boon.

HELPFUL WORDS

From a Newark Citizen.

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys; There is danger in delay. Weak kidneys fast get weaker. Give your trouble prompt attention.

Doans Kidney Pills act quickly. They strengthen weak kidneys. Read this Newark testimony.

Mrs. C. W. Manville, 32 Locust street, Newark, Ohio, says:

"The use of Doan's Kidney Pills some years ago cured me of trouble caused by disordered kidneys and at that time I publicly endorsed them. I willingly confirm my former statement, for I still hold Doan's Kidney Pills in high esteem. I have often recommended this remedy as a specific for lame back and weak kidneys."

prescribe proprietary medicines under a Latin name, charging for the written prescription three times the cost of the medicine, and do not hesitate to condemn that self-same medicine if it is advertised or mentioned by the public.
There are, however, many honest doctors who do not hesitate to openly recommend and prescribe such standard remedies as Lydia E. Pinkham's Vegetable Compound.

Big Well Struck By Diamond Co.
Great excitement is manifested at Bremen over the oil strike there by the Diamond Oil and Gas Co., which brought in a 100-barrel well on the Young farm. The well is producing at the rate of over 100 barrels per day and is a natural flow. The well will not be shot at present.
This is well No. 1 on the Young farm, which was started about a year ago but abandoned on account of some litigation that involved the company. The well was first started by Louis Marks but later plugged. About five weeks ago Werich & Nolder, contract drillers, secured the work and moved the rig over about 150 feet from the old well.
The Diamond Company is controlled largely by Lancaster people and the find has also created considerable interest in the city.
